- Public Health England (PHE) Regional Teams Food Insecurity. PHE regional teams will host this webinar on 11 March, which will have a two-part aim:
- Discuss how to support local systems to identify and collect data and intelligence of food insecurity, what to use it for, and how to use it.
- Facilitate discussion to better understand the gaps in local data collection and what is needed to support both the short-term emergency response to food insecurity and to support sustainable approaches to collaborate to tackle widening inequalities as a result of COVID-19
